REMITTANCE ADVICE

File HF-2026-48292; remitter Taylor Morgan; property 77 Juniper Lane, Harborfield. Purpose: initial earnest-money deposit under the August 18 agreement. Requested deposit: \$27,750.00. Delivery reference supplied by buyer: DEMO-DEL-48292-0821. This reference identifies the buyer's instruction, not an escrow bank transaction. The settlement ledger distinguishes funds requested, funds in transit, and funds posted; only the last category produces a final receipt.

CASH DESK RECONCILIATION

Earnest money receipt confirmed by escrow. Received amount: \$27,750.00. Posting timestamp: August 21, 2026 at 10:42. Funds reference: DEMO-POST-48292-01. Clerk: Casey Morgan; amount matched to deposit requirement. The intended credit is toward the buyer's purchase consideration and is not a lender fee or additional charge. The clerk shall compare the originating name with the remitter before applying the amount to the file. A discrepancy in the remitter's spelling shall be documented without creating a second receipt. No interest allocation has been entered in this advice.

INSTRUCTIONS TO SETTLEMENT DESK

Use the file reference on correspondence and preserve the date of each revised instruction. An unsigned email requesting a different payee, beneficiary, or mailing address must be verified under the established call-back procedure before the affected entry is changed. The preparer shall distinguish estimated figures from received funds and distinguish a payoff request from an accepted payoff demand. A preliminary ledger entry is not proof of a bank credit. The escrow officer shall obtain written clarification when instructions from the parties and the lender are inconsistent; no party's silence is to be entered as agreement to a changed amount.

HANDLING MEMORANDUM

The copy delivered to the buyer representative contains no account or routing number. A returned transfer shall reverse the original ledger credit with a linked entry rather than deleting its history. Additional funds requested before closing require separate verified instructions. This advice does not establish availability of the buyer's remaining cash or authorize an outgoing payment. Questions about posting shall be addressed to the assigned escrow officer using the existing contact record.

RECONCILIATION AND RETAINED COPIES

Compare the legal description furnished for deed preparation with the title file rather than relying solely on a street address. A corrected spelling or middle initial shall be traced to the person's identification and the vesting instruction. Taxes and prepaid charges may be prorated using different periods; the period and method should accompany the line rather than appear as an unexplained adjustment. Preserve the prior estimate when a charge is updated so that a duplicate debit or credit can be detected. Copies marked 'received' show custody of a document; only the issuing professional can confirm the approval or release that the document purports to record.

EXCEPTIONS AND DELIVERY

Instructions requiring a release, certificate, or third-party consent remain distinct from the actual evidence supplied in response. An exception may be resolved by written commitment from the appropriate party only where acceptable to the title and settlement professionals. Mailing a signed document does not establish recording; preserve the recorder's confirmation separately. Deliver final copies to the named recipients after completion of the applicable step. No account routing number appears in this counterpart. Requests for payment instructions shall be answered through the verified escrow channel rather than by forwarding a previous message containing banking information.
